## LETTER FROM THE PRESIDENT

Dear Unangaġ Family,

As termination dust starts creeping down the mountains, we start preparations for the annual meeting.

Mark your calendars for the 52nd Annual Meeting on Saturday, October 12, 2024, at the Downtown Marriott Hotel in Anchorage, AK. Our theme for this year, We Persist, celebrates the culmination of our efforts—not just the milestones we’ve reached in recent years, but also the strategic foundation we are setting for the future. See the Board Chair Report for the QR code to RSVP.

Proxy season is upon us. Proxy packets with Aleut’s annual report are arriving in homes, but don’t forget - you can always access the annual report online at [www.aleutvote.com](http://www.aleutvote.com).

The audit was a time of evaluation and reflection: Aleut has accomplished a lot over the last few years. We achieved our highest revenue earnings in our Corporation’s history and paid our highest combined dividend in over 10 years. These notable achievements, as well as the financial state of the Corporation, are detailed in the annual report. Now as we continue to chart our course forward, we need your help in shaping the future for next generation of Unangaġ.

On this year’s ballot, we are asking shareholders to vote on establishing an ANCSA Settlement Trust and removing the debt ceiling. These measures are essential for the development and progress of Aleut. Your Board and Aleut leadership unanimously support a YES vote on both ballot measures. You can find more details about both ballot measures and their impact in the Proxy Statement and on page 4 of this newsletter.

Because your participation in voting this year is vital to our Corporation’s success, we have doubled the number of proxy prizes this year. With over 60 proxy prizes, we are providing more chances to win than ever before! See the QR code below to vote your proxy.

Vote Now. Vote Yes.

We are also excited to announce our new shareholder portal. This upgrade aims to provide a more robust and user-friendly experience, improving accessibility and efficiency for all shareholder interactions. Stay tuned for more details on how these improvements will benefit you.

I want to express my sincere gratitude for your participation and thoughtful questions during our in-region community meetings this summer and education sessions. Your involvement is invaluable as we continue to navigate our path forward.

I look forward to seeing many of you at the upcoming Annual Meeting and celebrating our collective achievements.

Qaġaasakung,

**Skoey Aachaġ Vergen**  
Aleut President & CEO

## BOARD CHAIR REPORT

Another busy summer is winding to a close, and we are excited to share several key updates and recent milestones with you.

Firstly, this summer’s Aleut Picnic had over 500 attendees – our highest turnout to date! We want to thank The Aleut Foundation and Aleut staff, the many volunteers, Unangaġ artists and vendors, and the APIA culture camp dancers for their contributions in making the Aleut Picnic a success. Seeing so many of you was wonderful, and we are already looking forward to next year.

We are pleased to announce that over \$4 million in dividends were distributed to more than 4,000 shareholders in our July dividend payout. The Elders’ benefit distribution is coming up in early October. We encourage shareholders to sign up for direct deposit to make payouts quick and simple.

On behalf of the entire Board, congratulations to the semifinalists of the Aleut Shareholder Marketplace! Our semifinalists are now in the second phase of the Marketplace business competition, which continues to inspire us with the entrepreneurial spirit of our Unangaġ community. You can find more Marketplace details on page 5, and watch out for this year’s annual report, which will feature all the semifinalist business concepts in greater detail.

Online voting for this year’s proxy ballot has opened, and this year, you will see two new ballot measures on the proxy: a resolution to establish an ANCSA settlement trust and a resolution to remove the debt ceiling by amending Aleut’s articles of incorporation. The entire Board and Aleut Management unanimously support a “YES” vote for both measures to secure our corporation’s future. You can read more about the settlement trust and debt ceiling in your Proxy Statement and on page 4. We encourage you to vote early and vote online! This year, the earlier you vote, the more chances you have to win.

As our 52nd Annual Meeting approaches, we must also take a moment to express our sincere appreciation for Colleen Dushkin’s dedicated service over the past six years on the Aleut Board. During her time on the Board, Colleen served as Secretary and as our Board representative for The Aleut Foundation. Her commitment and insights have been invaluable in shaping Aleut’s strategic direction and governance practices, and we are grateful for her service.

Finally, do you have an exciting event, milestone, or announcement you’d like to share and celebrate with our Unangaġ community? We want to hear from you! See page 9 to submit your story for a chance to be featured on our website and in the Aleutian Current.

We look forward to seeing many of you in October - Scan the QR code below to RSVP today!

# VOTE YOUR PROXY

# TWO NEW BALLOT MEASURES

 **Vote YES** | THE BOARD AND MANAGEMENT URGE YOU TO VOTE YES!

## SETTLEMENT TRUST

A settlement trust is a legal entity that manages assets to benefit Aleut shareholders and descendants.

### WHY VOTE YES:

- Long-term stability for future generations.
- Distributions to shareholders are tax-free.
- Corporate contributions to the trust are tax-deductible.
- A trust benefits from lower tax rates and exemptions.

## REMOVE THE DEBT CEILING

A debt ceiling is a legal cap on the maximum debt a corporation can owe, similar to a credit limit on borrowing. It is not a tool for managing the corporation's debt.

### WHY VOTE YES:

- No other Alaska Native regional corporation has a debt ceiling.
- Is overly restrictive and limits our growth potential.
- Gain access to capital for expansion and ability to respond to economic changes.

## VOTING IS OPEN

EARLY-BIRD VOTING CLOSING ON SEPTEMBER 25, 2024.

- The Annual Report and Proxy Packets are available through the secure voting portal. If your email is registered with us, you should have received your Shareholder ID and PIN from 'noreply@aleutvote.com' (please check your spam folder).
- Mailed Proxy Packets, including your PIN and shares, are arriving in early September. If you don't find your PIN or have lost it, contact our election judge at 907-677-3320 to retrieve it.

## ALEUT SHAREHOLDER MARKETPLACE

### CONGRATULATIONS, SEMIFINALISTS!

We are thrilled to announce our semifinalists for the Aleut Shareholder Marketplace. Thank you to the many shareholders and descendants that applied. The semifinalists participated in a 3-day business bootcamp in Anchorage in early August, and are now in the process of putting together their final business proposals. Winners will be announced in February 2025.

We are blown away with the entrepreneurial spirit within our Unangaġ community. We will be featuring each business owner or entrepreneur in this year's annual report.

Join us in congratulating our semi-finalists as they take this exciting step forward.

Awam iġamnaal! *Good job!*

### ARTIST SPOTLIGHT: **BEADING DREAMS**

#### THE CREATIVE EVOLUTION OF CAMRYN STEPETIN

When Camryn (Cam) Stepetin first attended culture camp at six years old, she was hoping to connect with her big sister and feel a part of the older kids' world. Little did she know that this camp would ignite a lifelong passion for jewelry, setting her on a journey that began in Anchorage and continues to flourish today with her business, Cam's Shop.

Camryn's artistic journey officially started as an intern at the Alaska Native Heritage Center (ANHC), where she learned to craft kuspuks. This early exploration of crafting led her to expand her skills, creating mukluks, moccasins, and eventually, intricate fringe earrings. Each new craft she mastered brought her closer to the art that would define her creative expression.

"Let's see if I can make more earrings and come up with my own patterns and designs," Camryn remembers thinking as she moved from traditional crafts to her first beadwork projects. But her creativity doesn't always follow a plan. Camryn dreams in vivid detail, with patterns and jewelry designs sometimes appearing to her in a dream as if they were written instructions.

Art, for Camryn, is more than just a craft—it's a powerful way to connect with her community and express shared experiences. The tragic passing of actor Cole Brings Plenty, which deeply affected many Alaska Native communities, inspired her to create fringe earrings that were braided in honor of those who have been attacked and had their braids cut. Through her art, she found a way to process her grief and bring awareness to the issue, making an impact far beyond her immediate community.

For those who dream of selling their art, Camryn's advice is simple: "Get up and do it." She understands the fear of not measuring up to others in the community but encourages aspiring artists to give it a try. "I wasn't ready to start a business at that age, but the amount of support and love that I was given really opened my eyes to the world. You don't always think you can receive that much love and support outside of your family," she reflects.

**"I wasn't ready to start a business at that age. But the amount of support and love that I was given really opened my eyes to the world."**

As she continues to grow her business, Camryn remains deeply connected to her roots. Every piece she creates carries the beauty of heritage, the strength of community, and gratitude for the support she has received.

## OBITUARY – MEMORY ETERNAL

OBITUARY WRITTEN BY HIS FAMILY

**LEONIDE MERCULIEF**  
7/30/1939- 7/10/2024

It is with sadness that the Merculief family announces the passing of Leo Merculief. Leo passed away peacefully at home on July 10, 2024, with family by his side. He is in a beautiful place with no more pain. Leo was born on St. George Island, Alaska on July 30, 1939. In 1942, at the height of World War II and the perceived threat of Japanese invasion, the United States government relocated his family and village to Funter Bay in southeast Alaska where they were interned for 2 years. Unsanitary conditions and illness resulted in the loss of life of friends and family members from his village. Leo and his family returned to St. George Island in 1944. During his early years he enjoyed hunting, fishing and playing games and pranks with cousins, friends and especially his best friend, Father Paul Merculief. But living under government rule was not easy, with food and healthcare often lacking.

Education was not offered beyond the 8th grade on St. George Island, so Leo was sent to Washington state in 1955 and lived with a friend’s family and attended Snohomish High School. He met his wife Christine while attending Edison Technical school studying airline electronics and they married in 1962. Shortly afterward, they started their family and had 3 children, Todd, Brian and Jill. They lived in Kirkland, WA for many years near his brother Joe and his family. Leo worked in the manufacturing industry for several years. In 1975 he was compelled to give back to his people and was elected to the Aleut Corporation board of directors where he served until 1979. He was then elected Chairman of the Board and served until 1986. After that, Leo ventured into other management positions with the engineering firm CH2M Hill, and other local companies, even returning to native corporation management later in life by briefly serving as CEO of the St. George Tanaq Village Corporation.

But perhaps his greatest life battle came after he experienced a medical emergency in 2001 that required intense healthcare management for the rest of his life. He had frequent flyer miles in

local hospitals! Despite this, he found time to get his real estate license, enjoy plenty of family events and vacations, and work on his life manuscript. He and his wife Christine also donated their time raising puppies for Guide Dogs for the Blind and taking numerous road trips and vacations to Hawaii. His will to live, desire to tell his people’s history, and stubborn personality kept him going. He liked to tell stories about his life growing up with his unique humor and sarcasm. Attentive grandchildren enjoyed learning about Aleut history, culture and language. He loved his grandchildren and was very proud of their education and accomplishments.

Unangan politics was in his blood, and he passionately involved himself through research and advocacy, creating his own blog and website where he documented Unangan culture, history and language and supported Unangan writers, artists, storytellers and linguists. Leo was extremely passionate about writing an Aleut manuscript about history, education and culture. Unfortunately, he passed away before completing the manuscript. We plan on finishing this in the future. For more information visit [www.thealeutelder.com](http://www.thealeutelder.com).

Leo is preceded in death by his mother Angelina and brother Joe. He is survived by his wife Christine, children Todd, Brian (Elizabeth) and Jill (Gary), his grandchildren Alexis (Caleb), Evan (Julietta), Collette (Troy), Jourdan, Addy (Jake), Jason, and his great-grandchildren Alden, Eliza, Fin, Indie, Santi, Emerson, Nora, and soon to be born 8th great grandchild. He is also survived by his sister Elizabeth (Father Paul, deceased), sister-in-law Kathi (Joe, deceased), sister-in-law Arlene (Jim) and numerous nieces and nephews.

## THE ALEUT FOUNDATION UPDATE

Aang!

First, I want to say qaḡaasakuq to everyone who attended this year's Annual Aleut Picnic. It was wonderful to see all our Aleut shareholders, descendants, elders, and youth visiting and enjoying the activities. We had over 500 guests in attendance with the amazing weather. A special thank you to all the Unangaḡ artists who attended the picnic and to the Aleutian Pribilof Islands Association's Culture Camp dancers!

Programming has been in full swing at the Foundation. TAF approved 28 summer scholarships for degree-seeking students and awards are out the door. TAF is reviewing academic year scholarships received at our most recent deadline and working to approve awards for the over 125 applications received.

TAF would like to congratulate all our students who graduated at the end of the 2023-2024 academic year. You can see graduation announcements and photos on our Facebook page.

A reminder, TAF's vocational training and career development grant applications are open year-round! The next scholarship deadline for degree-seeking students opens on November 1 and closes on November 29.

In addition to providing funding, TAF has been traveling in region to ensure Aleut shareholders and descendants are aware of TAF's many funding opportunities. Recently, I was able to join Aleut for their summer community travel visiting Unalaska, Akutan, and Nikolski to meet with shareholders and descendants, visit with partners, grant recipients and community members.

And lastly, The Aleut Foundation is seeking candidates to fill a position on our Board of Directors. If you or someone you know is interested in serving on our Board, please visit [www.thealeutfoundation.org](http://www.thealeutfoundation.org) to view our prospective board member packet and application. Applications are due by August 23.

Qaḡaasakuq,

**Kyla Morris**
